

## Long Dash - March 2023

Choose a light background and a dark green for the churn dash pieces.

Sew a two-color strip set, using strips that are 1.5" x 18".  
Sub-cut 2 units that are 2.5" square, and 2 units that are 2.5" x 5.5"

Make 4 HSTs that measure 2.5" square.  
For the two-at-a-time method, start with 3" squares of each color.

Cut one rectangle from background fabric that measures 2.5" x 5.5".

---

Lay out the units as a 9-patch to create a churn dash block.  
The HSTs are in the corners, with the longer units as the center row.

Trim the block to 6.5" x 9.5".
