

MARCH BLOCK LOTTO 2025
Phoenix Modern Quilt Guild
Presenting: Super Saturated Solids

Hip NOT to be Square!
Pick two SUPER SATURATED Colors that play well together**
****NO PASTELS!****
8” finished SQUARE with WONKY center

Fabric:

Center:

Solid Scrap:

Between 2” and 4” (This will become wonky!)

Background:

4 Large SCRAPS of the same fabric that are each at least 5” x 9”

Or fabric equal about 5” WOF or one Fat Quarter

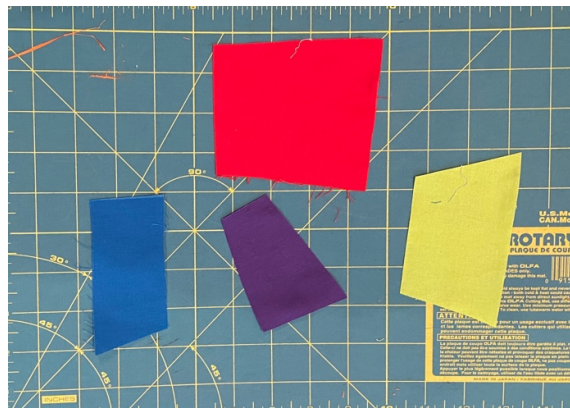

(You will have scraps after this block. Save them of course!)

Pick two colors that play well together!

Step 1:

Create a **FOUR-SIDED** figure from your “Small Scrap of Saturated Solid”

It should resemble these but have fun!

Step 2:

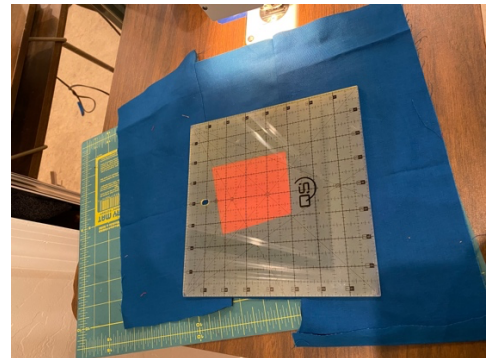

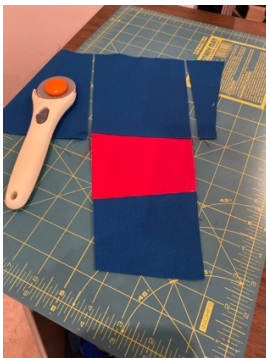

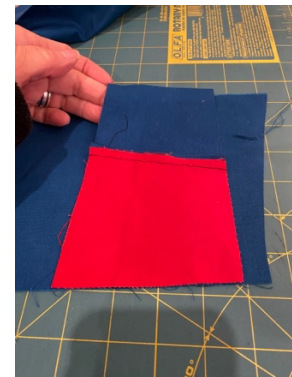

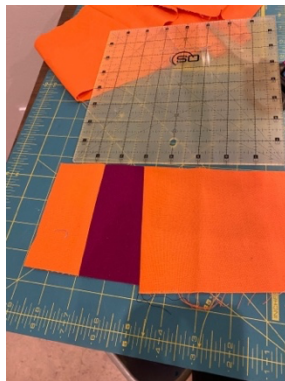

Now. Frame your “Not Square”!
Add one piece of background fabric to the center.

Trim to match the edges of the Wonky Center.:

Step 3:

Continue until all sides are framed. It might look like it won't work out, but it will.

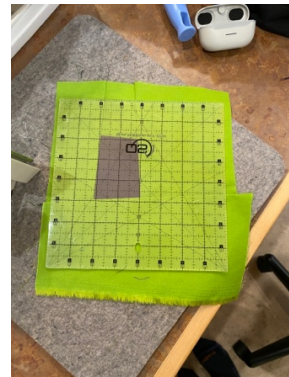

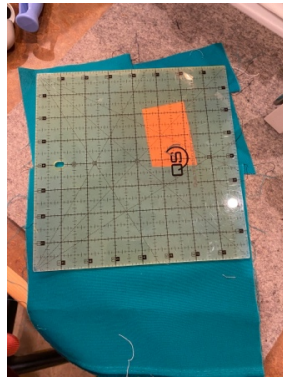

*****I like to add the background to each side of the center piece rather than traditional “log cabin” style.**

This way you can ensure the 8” width of the square is met. Trim to bigger than 8” so you can trim down when complete. Add the top and bottom. You can choose the sizes of these pieces and decide where you want the center situated

*****When trimming leave at least 1/2" larger than needed.

Step 4: Trim Block to 8" square

Pick your favorite orientation

Step 5: Make MORE!!
